THE ABECCA STORY

Abecca's experience with textiles first started in 1952, when Mr David Beatson returned from World War II and started a new life supplying and repairing cow covers using canvas fabric.

Fast forward 70+ years and the same Beatson family has built a reputation as specialists in furniture for the world's most demanding, high-risk environments. With the 4th generation actively involved, we are family owned through and through.

Designers, innovators and manufacturers of furniture engineered for high-risk environments: that's Abecca in a few words. Because we're client-first and we manufacture in-house, every detail on every piece reflects direct feedback from clients like you. Because we're the manufacturer, even small changes to a product are straightforward for us.

Hamish Beatson **Joseph Beatson**

FOUNDERS

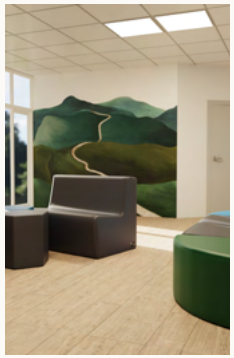

TIMELINE

2026

Design innovation continues with the introduction of Modular, Bariatric and new technical seating ranges.

TWO MATERIALS ONE STANDARD

Eagle™ and Hawk™ sit alongside each other as Abecca's upholstered ranges, each specified by risk level, budget and setting rather than by which one is "better." Both are seam-sealed, wipe-clean and fire-tested; where they differ is surface material, seam method and warranty term.

Eagle™

Surface - Medical Grade Vinyl
Seam method - HF welded, top stitch reinforced
Surface Treatment - Protech wipe clean surface
Fire Testing - BS 5852 / Crib 5
SWL - up to 200kg
Warranty - 4 year

Hawk™

Surface - Medical Grade PVC
Seam method - HF welded, top stitch reinforced
Fire Testing - BS 5852 / BS 7177, Crib 5 & 7
Tear resistance - Resists running tears if punctured
Warranty - 2 year
Best suited to - Youth Justice & Corrections

Shared construction principles

No hard or rigid components in the seating structure
Multi-density foam core for stability without compromising durability
One-piece or fully sealed covers, engineered to resist fluid ingress
Antibacterial and antifungal treated foam and surface material
Generous, stable sizing for larger or accompanied service users

WARRANTIES & SERVICE

Eagle™ – 4-Year Warranty
Designed for durability in demanding spaces. With a 4-year structural warranty, you can trust Eagle™ to perform year after year.

Hawk™ – 2-Year Warranty
Built for demanding secure environments. With a 2-year structural warranty, you can trust Hawk™ to meet the daily demands of youth justice and corrections settings.

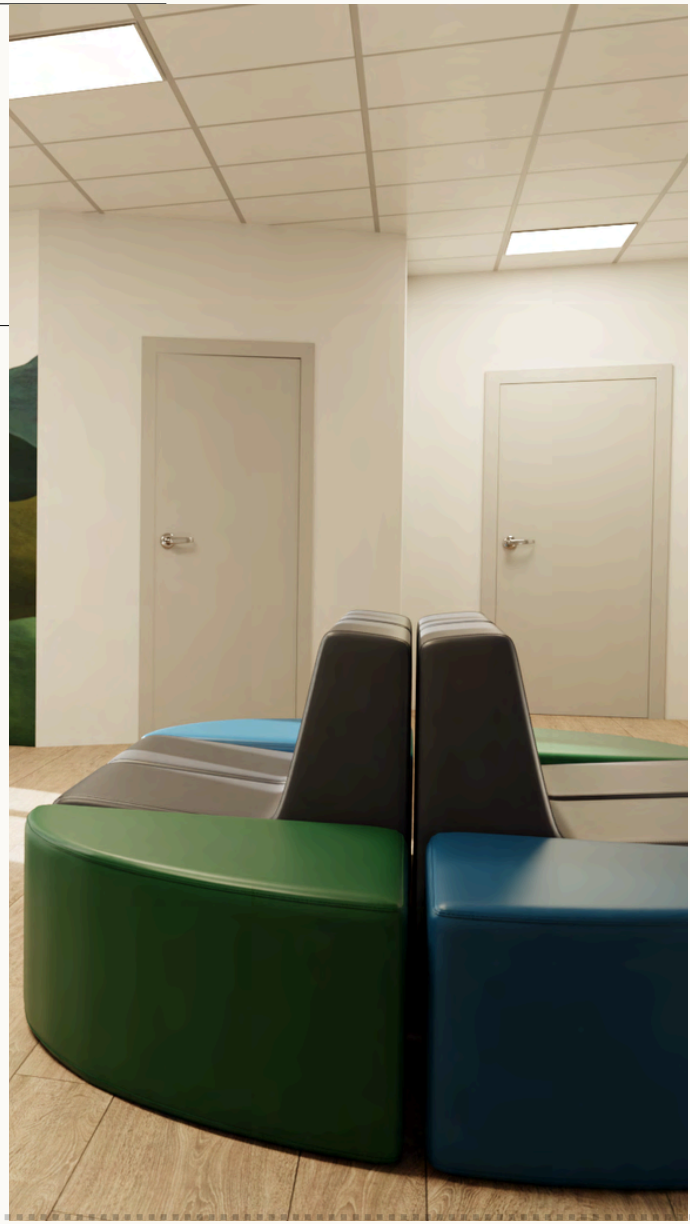

Giving you confidence that your investment is backed for years of daily use, whichever range fits your setting. Accidents happen. If it's a product fault, we'll repair or replace it, no questions asked. For misuse, we'll restore your furniture to like-new condition at minimal cost.

DESIGNED & MADE IN OUR FACTORY

As the manufacturers of our own anti-ligature furniture, we control every step of the process, from design to production.

This ensures top-quality craftsmanship, extensive customisation, and the ability to quickly address any needs or changes without delays.

When you choose Abecca, you're choosing direct access to the designers & makers of your furniture, giving you peace of mind and the assurance of superior quality.

EAGLE™

Purpose-built for high-risk and secure units, Eagle™ pairs a multi-density foam core with medical-grade vinyl over a one-piece, seam-minimised cover. Launched in 2019 and refreshed for 2024, it's Abecca's broadest secure range: seating, tables, bean bags, ottomans and games accessories.

Eagle™

Single Chair - EF1

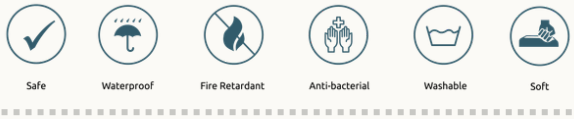

Abecca's baseline single chair, the size most units start with before adding taller or low-back variants for specific spaces.

Order code	**EF1**
Size	D780 x W600 x H850mm
Weight	13kg
Colour options	Refer to vinyl library – Tessuto, Urban, Linea or Marlo

- Flexible back reduces the restrictive feel of a standard chair
- Designed to resist tipping when swinging
- Generous sizing to assist with stability and larger clients
- No legs or hardened back to break or become a hazard
- Can be used standalone or as modular seating, including with the foam dining table
- Designed to reposition easily for dining or cleaning
- HF welded seams reinforced with top stitching

Eagle™

Single Chair (915mm) - EF2

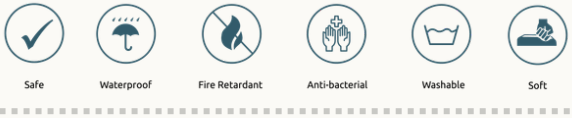

The taller sibling to EF1, extra back height for bedrooms and for residents who benefit from more support.

Order code	**EF2**
Size	D780 x W600 x H915mm
Weight	13kg
Colour options	Refer to vinyl library – Tessuto, Urban, Linea or Marlo

- 915mm back gives extra head and upper-body support over the standard EF1
- Suits residents who need more postural support, and doubles well as a bedroom or lounging chair
- Generous sizing to assist with stability and larger clients
- No legs or hardened back to break or become a hazard
- Works standalone or grouped as modular seating

WATERPROOF | FIRE RETARDANT | ANTIBACTERIAL | WASHABLE | SOFT

Eagle™

Low Back Single Chair - EF3

The compact option where staff sightlines matter more than back height, same footprint, lower profile.

Order code	**EF3**
Size	D790 x W600 x H737mm
Weight	12kg
Colour options	Refer to vinyl library – Tessuto, Urban, Linea or Marlo

- Lowest-profile chair in the single-seat range at 737mm, keeping sightlines open in observation focused rooms
- Anti-stacking design, chairs don't naturally stack, reducing climbing risk
- Flexible back reduces the restrictive feel of a conventional chair
- Generous sizing to assist with larger clients
- Works standalone or grouped as modular seating

WATERPROOF | FIRE RETARDANT | ANTIBACTERIAL | WASHABLE | SOFT

Eagle™

2 Seater Couch - EF10

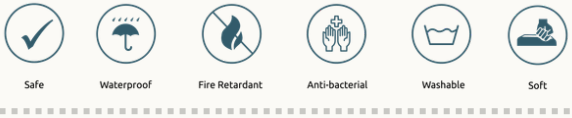

The two-seat companion to EF1, same construction, sized for pairs in dayrooms and visiting areas.

Order code	**EF10**
Size	D780 x W1200 x H850mm
Weight	24kg
Colour options	Refer to vinyl library – Tessuto, Urban, Linea or Marlo

- Standard-height two-person couch for shared communal or family-visit seating
- One-piece cover with minimal seams to assist with cleaning
- One-piece foam construction, no cushions or legs, assisting with cleanability and safety
- Generous sizing to comfortably seat a client and a carer side by side
- Combines into larger modular seating arrangements

WATERPROOF | FIRE RETARDANT | ANTIBACTERIAL | WASHABLE | SOFT

Eagle™

2 Seater Couch 915mm - EF11

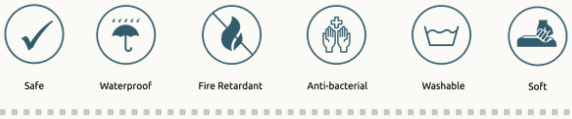

Tall-back version of EF10, for shared seating where extra support matters as much as it does on a single chair.

Order code	**EF11**
Size	D780 x W1200 x H915mm
Weight	26kg
Colour options	Refer to vinyl library – Tessuto, Urban, Linea or Marlo

- 915mm back matches EF2's extra support across a two-person couch
- Suits pairs who need more postural support than the standard-height EF10 offers
- One-piece foam construction, no cushions or legs, assisting with cleanability and safety
- Generous sizing to comfortably seat a client and a carer side by side

WATERPROOF | FIRE RETARDANT | ANTIBACTERIAL | WASHABLE | SOFT

Eagle™

Low Back 2 Seater Couch - EF12

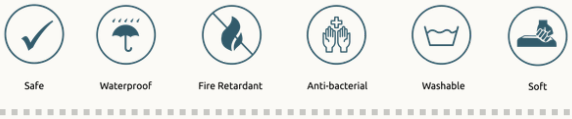

The low-back companion to EF10, same reduced profile as EF3, scaled up for two.

Order code	**EF12**
Size	D790 x W1200 x H735mm
Weight	23kg
Colour options	Refer to vinyl library – Tessuto, Urban, Linea or Marlo

- Low-profile two-seater at 735mm, matching EF3's sightline benefit across a shared couch
- Anti-stacking design, units don't naturally stack together
- One-piece foam construction
- Generous sizing to comfortably seat a client and a carer side by side

WATERPROOF | FIRE RETARDANT | ANTIBACTERIAL | WASHABLE | SOFT

Eagle™

Three Seater Couch - EF20

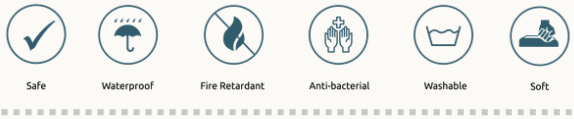

The full-width three-seat option for larger communal rooms, same DNA as EF10, one more seat's worth of width.

Order code	**EF20**
Size	D780 x W1800 x H850mm
Weight	37kg
Colour options	Refer to vinyl library – Tessuto, Urban, Linea or Marlo

- Standard-height three-person couch, one of three 1800mm-wide seats in the range
- One-piece cover with minimal seams to assist with cleaning
- One-piece foam construction
- Suited to larger communal areas, waiting rooms and family rooms
- Combines into larger modular seating arrangements

WATERPROOF | FIRE RETARDANT | ANTIBACTERIAL | WASHABLE | SOFT

Eagle™

3 Seater Couch 915mm - EF21

Tall-back three-seater, for communal spaces where the taller EF11-style back is preferred at scale.

Order code	**EF21**
Size	D780 x W1800 x H915mm
Weight	39kg
Colour options	Refer to vinyl library – Tessuto, Urban, Linea or Marlo

- 915mm back across the full three-seat width, for rooms where extra support is a priority
- One-piece foam construction
- Suited to larger communal areas, waiting rooms and family rooms

WATERPROOF | FIRE RETARDANT | ANTIBACTERIAL | WASHABLE | SOFT

Eagle™

Low Back 3 Seater Couch - EF22

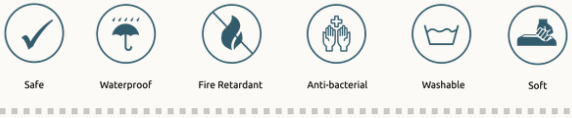

The low-back option for large rooms where observation across the space matters more than back height.

Order code	**EF22**
Size	D790 x W1800 x H735mm
Weight	35kg
Colour options	Refer to vinyl library – Tessuto, Urban, Linea or Marlo

- Low-profile three-seater at 735mm, keeping long communal rooms open to view
- One-piece foam construction
- Anti-stacking design, units don't naturally stack together

WATERPROOF | FIRE RETARDANT | ANTIBACTERIAL | WASHABLE | SOFT

Eagle™

Single Arm Chair - EF30

Adds arm support to the standard single chair, for residents who need help getting up unassisted.

Order code	**EF30**
Size	D785 x W800 x H850mm
Weight	17kg
Colour options	Refer to vinyl library – Tessuto, Urban, Linea or Marlo

- Firm arms give residents something solid to push up on when standing
- Multi-density foam for a supportive, comfortable seating position
- No legs or squabs, assisting with safety and cleanability
- One-piece cover with minimal seams, reducing bacteria build-up between arm and seat

WATERPROOF | FIRE RETARDANT | ANTIBACTERIAL | WASHABLE | SOFT

Eagle™

Single Arm Chair 915mm - EF31

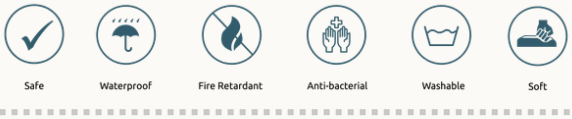

The tall-back version of EF30, for residents who benefit from both extra back support and arm assistance.

Order code	**EF31**
Size	D795 x W800 x H915mm
Weight	20kg
Colour options	Refer to vinyl library – Tessuto, Urban, Linea or Marlo

- 915mm back combines EF2's extra support with EF30's arm assistance
- Firm arms give residents something solid to push up on when standing
- Multi-density foam for a supportive, comfortable seating position
- One-piece cover with minimal seams, reducing bacteria build-up between arm and seat

Tub Chair - EF50

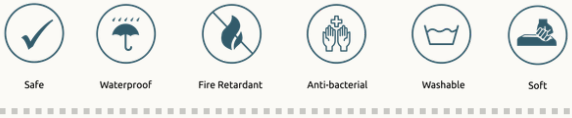

A rounder, more enclosing shape than the rest of the seating range, built for reception areas and quiet lounges.

Order code	**EF50**
Size	D800 x W800 x H885mm
Weight	19kg
Colour options	Refer to vinyl library – Tessuto, Urban, Linea or Marlo

- Encompassing, wraparound shape rather than a straight-backed design
- Sturdy arms wide enough to rest a cup on, as well as assisting with exiting the chair
- Dual-density foam tuned for relaxation rather than upright dining posture
- One-piece cover, designed to reduce bacterial build-up and places to conceal items
- Suited to reception areas, formal lounges or bedrooms rather than dining settings

Sensory - Product Pages

Eagle™

Sensory Rocker - EF60

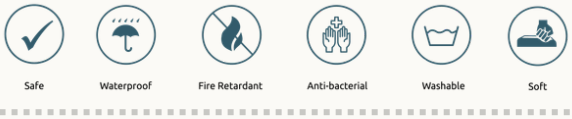

A low, wide lounging rocker for sensory rooms, different in shape and purpose from the upright rockers (EF61/62).

Order code	**EF60**
Size	D1385 x W850 x H655mm
Weight	23kg
Colour options	Refer to vinyl library – Tessuto, Urban, Linea or Marlo

- A long, low rocking base rather than an upright chair shape, the longest footprint in the seating range
- Provides sensory modulation with no power source and minimal maintenance
- Ergonomically designed to rock gently and resist tipping
- Suits passive lounging and de-escalation rather than active, upright rocking

WATERPROOF | FIRE RETARDANT | ANTIBACTERIAL | WASHABLE | SOFT

Eagle™

Upright Rocking Chair with Arms - EF61

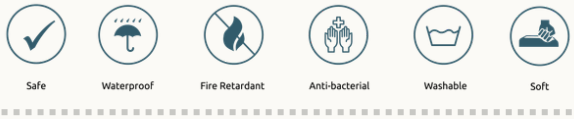

The upright, active rocker, arms included, for residents who want a conventional rocking-chair motion with support.

Order code	**EF61**
Size	D1040 x W800 x H925mm
Weight	23kg
Colour options	Refer to vinyl library – Tessuto, Urban, Linea or Marlo

- Upright seating posture with a shaped base for easy entry and exit
- Arms provide extra support getting in and out of the rocking motion
- Ergonomically designed not to over-rock
- High-density base and arm foam for longevity
- An alternative to a traditional wooden rocking chair, see EF62 for the armless version

WATERPROOF | FIRE RETARDANT | ANTIBACTERIAL | WASHABLE | SOFT

Eagle™

Upright Rocking Chair - EF62

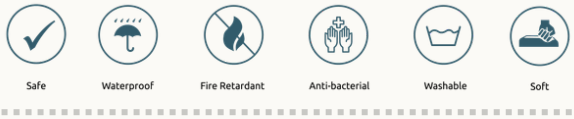

The armless, narrower version of EF61, for tighter spaces or where arms aren't the right fit for the resident.

Order code	**EF62**
Size	D1020 x W600 x H925mm
Weight	16kg
Colour options	Refer to vinyl library – Tessuto, Urban, Linea or Marlo

- Same upright rocking motion as EF61, in a narrower footprint without arms
- Shaped base for easy entry and exit
- Ergonomically designed not to over-rock
- Suits narrower spaces or where armrests aren't clinically appropriate, see EF61 for the arm version

Seating - Product Pages

Hawk™

Single Chair - HF1

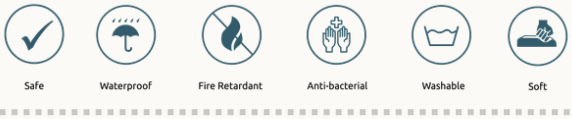

Hawk's™ baseline single chair, the size most units start with before adding the taller or low-back variants.

Order code	**HF1**
Size	D780 x W600 x H850mm
Weight	13kg
Colour options	Teal, Green or Grey

- Standard-height back suits general dayroom, dining and communal seating
- Flexible back reduces the restrictive feel of a conventional chair and gives a little with movement
- Designed not to tip when swinging
- No legs or hardened back to break or become a hazard
- Works standalone or grouped as modular seating, including alongside the foam dining table
- Repositions easily for dining layouts or cleaning, without scuffing floors

WATERPROOF | FIRE RETARDANT | ANTIBACTERIAL | WASHABLE | SOFT

Hawk™

Single Chair 915mm - HF2

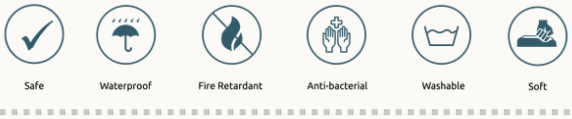

The taller sibling to HF1, extra back height for bedrooms and residents who benefit from more support.

Order code	**HF2**
Size	D780 x W600 x H915mm
Weight	13kg
Colour options	Teal, Green or Grey

- 915mm back gives extra head and upper-body support over the standard HF1
- Suits residents who need more postural support, and doubles well as a bedroom or lounging chair
- Generous sizing to assist with stability for larger clients
- No legs or hardened back to break or become a hazard
- Works standalone or grouped as modular seating, including alongside the foam dining table

WATERPROOF | FIRE RETARDANT | ANTIBACTERIAL | WASHABLE | SOFT

Hawk™

Low Back Single Chair - HF3

The compact option where staff sightlines matter more than back height, same footprint, lower profile.

Order code	**HF3**
Size	D790 x W600 x H735mm
Weight	12kg
Colour options	Teal, Green or Grey

- Lowest-profile chair in the single-seat range at 735mm, keeping sightlines open in observation-focused rooms
- Anti-stacking design, chairs don't naturally stack, reducing climbing risk
- Flexible back reduces the restrictive feel of a conventional chair
- Generous sizing to assist with larger clients

WATERPROOF | FIRE RETARDANT | ANTIBACTERIAL | WASHABLE | SOFT

Hawk™

Two Seater Couch - HF10

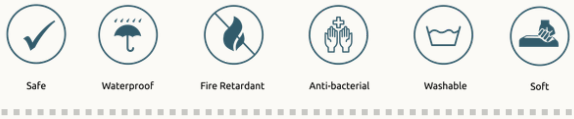

The two-seat companion to HF1, same construction, sized for pairs in dayrooms and visiting areas.

Order code	**HF10**
Size	D780 x W1200 x H850mm
Weight	25kg
Colour options	Teal, Green or Grey

- Standard-height two-person couch for shared communal or family-visit seating
- One-piece cover with minimal seams to assist with cleaning
- One-piece moulded base foam, no cushions or legs, assisting with cleanability and safety
- Generous sizing to comfortably seat a client and a carer side by side
- Combines into larger modular seating arrangements

WATERPROOF | FIRE RETARDANT | ANTIBACTERIAL | WASHABLE | SOFT

Hawk™

Two Seater Couch 915mm - HF11

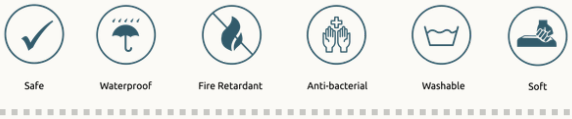

Tall-back version of HF10, for shared seating where extra support matters as much as it does on a single chair.

Order code	**HF11**
Size	D780 x W1200 x H915mm
Weight	26kg
Colour options	Teal, Green or Grey

- 915mm back matches HF2's extra support across a two-person couch
- Suits pairs who need more postural support than the standard-height HF10 offers
- One-piece moulded base foam, no cushions or legs, assisting with cleanability and safety
- Generous sizing to comfortably seat a client and a carer side by side

WATERPROOF | FIRE RETARDANT | ANTIBACTERIAL | WASHABLE | SOFT

Hawk™

Two Seater Low Back Couch - HF12

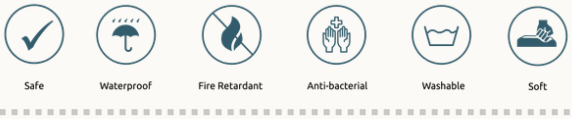

The low-back companion to HF10, same reduced profile as HF3, scaled up for two.

Order code	**HF12**
Size	D790 x W1200 x H735mm
Weight	23kg
Colour options	Teal, Green or Grey

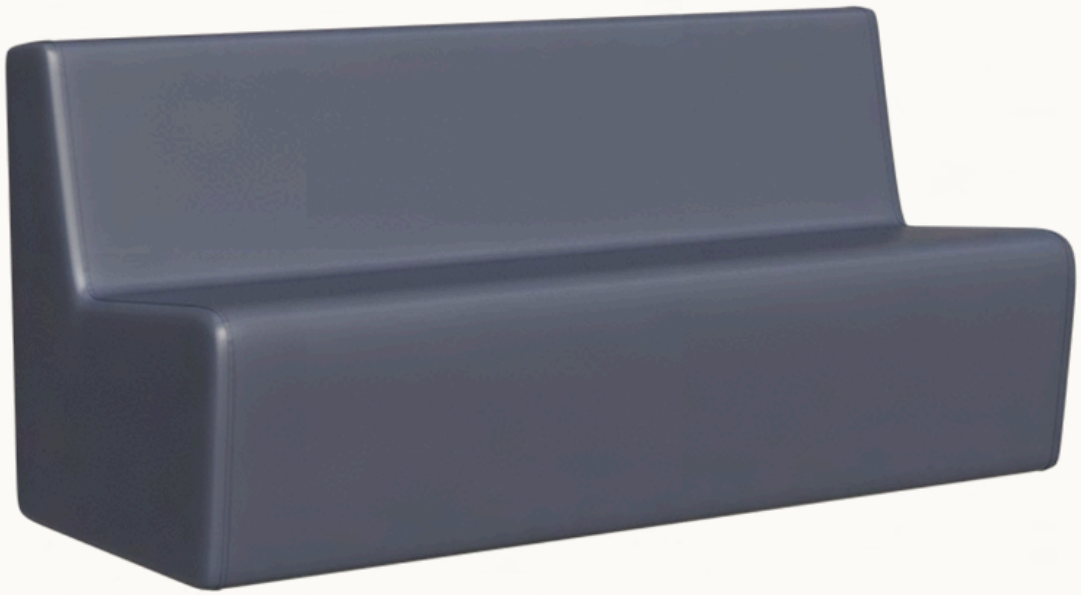

- Low-profile two-seater at 735mm, matching HF3's sightline benefit across a shared couch
- Anti-stacking design – units don't naturally stack together
- One-piece moulded base foam construction
- Generous sizing to comfortably seat a client and a carer side by side

WATERPROOF | FIRE RETARDANT | ANTIBACTERIAL | WASHABLE | SOFT

Hawk™

Three Seater Couch - HF20

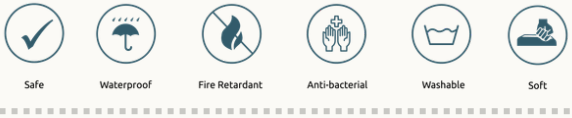

The full-width three-seat option for larger communal rooms, same DNA as HF10, one more seat's worth of width.

Order code	**HF20**
Size	D780 x W1800 x H850mm
Weight	37kg
Colour options	Teal, Green or Grey

- Standard-height three-person couch, the largest single-piece seat in the range at 1800mm wide
- One-piece moulded base foam, no cushions or legs, assisting with cleanability and safety
- One-piece cover with minimal seams to assist with cleaning
- Suited to larger communal areas and dayrooms
- Combines into larger modular seating arrangements

WATERPROOF | FIRE RETARDANT | ANTIBACTERIAL | WASHABLE | SOFT

Hawk™

Three Seater Couch 915mm - HF21

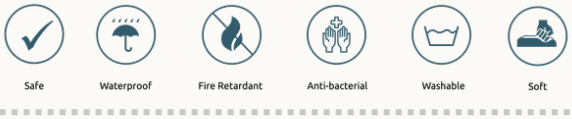

Tall-back three-seater, for communal spaces where the taller HF11-style back is preferred at scale.

Order code	**HF21**
Size	D780 x W1800 x H915mm
Weight	39kg
Colour options	Teal, Green or Grey

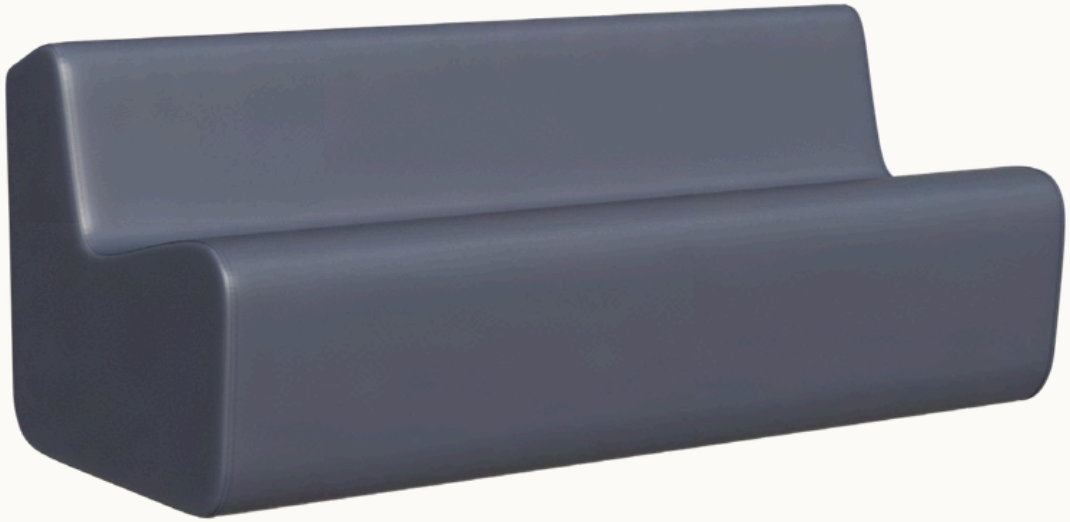

- 915mm back across the full three-seat width, for rooms where extra support is a priority
- One-piece moulded base foam construction
- Suited to larger communal areas and dayrooms

WATERPROOF | FIRE RETARDANT | ANTIBACTERIAL | WASHABLE | SOFT

Hawk™

Three Seater Low Back Couch - HF22

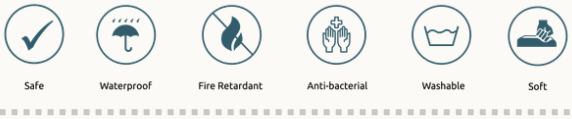

The low-back option for large rooms where observation across the space matters more than back height.

Order code	**HF22**
Size	D790 x W1800 x H735mm
Weight	35kg
Colour options	Teal, Green or Grey

- Low-profile three-seater at 735mm, keeping long communal rooms open to view
- Anti-stacking design, units don't naturally stack together
- One-piece moulded base foam construction

WATERPROOF | FIRE RETARDANT | ANTIBACTERIAL | WASHABLE | SOFT

Sensory - Product

Hawk™

Sensory Rocker - HF60

The one rocking chair in Hawk's™ range, a low, wide lounger for sensory rooms, not an upright rocking motion.

Order code	**HF60**
Size	D1385 x W850 x H655mm
Weight	39kg
Colour options	Teal, Green or Grey

- A long, low rocking base rather than an upright chair shape, the widest footprint in the Hawk seating range
- Provides sensory modulation with no power source and minimal maintenance
- Ergonomically designed to rock gently without tipping, while remaining easy to exit
- Suits passive lounging and de-escalation rather than active, upright rocking
